Additional Education for Professional Experience & Activity:

Being a science teacher & given my interest in this subject. I involve myself in different activities conducted in our college. I guide the student in their projects, Exhibitions, to prepare models And so on. I attend various seminars, Workshop, Conferences etc on subjects related to science very often to keep my knowledge updated and also share this experience with other colleagues.

Our college has established a Disaster management cell and I am a member of this cell. Every member of this Disaster management cell has undergone training for certificate course in senior first aider conducted by St. John Ambulance Association –Goa. This cell is very active cell and conducts many programs for students such as carrying mock drill how to vacate the campus in any emergency without any panicky, first aid Fire management etc.

I am very active member of “Dhartari” a Nature club association. In this association we involve many students who show keen interest in Nature. We conduct Nature Trail, Trek, Camps, Animal shows, and Poster competitions on topic related to Nature.

Principal of the college constitute various committee for every academic year and I am actively involved in at least two to three committees such as Attendance committee, College Discipline committee, NCC advisory committee. Our college has established carrier guidance cell called Disha Counseling cell. I am also connected with this cell.

I along with my colleagues train the students to prepare them to answer competitive exams such as AIEEE, IIT-JEE, GCET etc. I am the vice President of Association of Chemistry Teachers Goa. Teachers from Universities, colleges and Higher Secondary’s are members of this association. ACT-Goa conducts many activities for students and teachers. in this forum we discuss various aspects including syllabus , content methods to be adopted to complete the syllabus on time and more effectively. ACT-Goa also conducts seminars workshop on various topics such as use of latest software’s, computers, teaching aids in teaching.

I worked as an NSS Programme Officer for two years in our college and I have attended the training programme to become an NSS Programme Officer. Presently I am looking after Naval wing NCC of our college. I have taken the charge of this wing since 2000. To Become an NCC officer I had to undergo PRCN Training at INS Vendurthy Coachin where I was provided with rigorous training for three months. At the end of Training I was awarded with Silver medal for securing Second place in this PRCN Training and I was commissioned as NCC officer with Rank Sub Lieutenant to look after NCC activities in our college. NCC also requires that we do refresher course to keep our Knowledge upgraded, in order to fulfill this requirement I attended Refresher course in NCC in 2002 at INS Circars Vizag. In this course also I excelled and again stood second amongst Twenty six NCC Officers all over India.

NCC cadets of my College benefit from my Knowledge and they get opportunity to attend various camps inside and outside India. Through NCC we organize many social service activities such as conducting Rally’s on general awareness topics which include Environmental Pollution, Hazards of Plastic, Prevention of Malaria, AIDS, Drug abuse etc. We also visit Orphanage to interact with the people staying there and listen to their grievances. We help the community during Natural calamities; carry out programmes such as Tree plantation, Blood Donation, adopting certain villages, Adult Education etc. Throughout the year I keep myself busy with my activities inside and outside the classroom
